

THE BLAIRMORE ENTERPRISE

VOL. XVIII, NO. 23.

THE BLAIRMORE ENTERPRISE, THURSDAY, MAY 19, 1927.

PER ANNUM

SPORTS AT COWLEY

NEXT TUESDAY

Cowley will again be enfeite on Victoria Day, Tuesday next, May the 24th. A strong committee has been active for some weeks past and, weather permitting, a most excellent programme, consisting of horse races, foot races, field games and sports will be staged. A grand dance in Tustian's hall at night, as usual.

Mr. and Mrs. George Heaton, of Park Ranch, Maycroft, announce the engagement of their son, George Falconer Heaton, to Miss Elizabeth (Betty) Lynch-Staunton, only daughter of Mr. and Mrs. Richard L. Lynch-Staunton, of Antelope Rancho. The marriage will take place next month.

Mrs. Womersley and Mrs. Warner, Sunday school teachers, entertained at the home of the former on Saturday afternoon last the children of their Sunday school classes, known as "The Busy Bees." The purpose of the assemblage was to make a presentation and bid farewell to one of their number, in the person of Thelma Hinds, who was to leave shortly for her new home in the United States. Following a dainty luncheon, Thelma was presented with a beautiful piece of ivory and was extended the very best wishes of her teachers and Sunday school mates for her future.

A general meeting of the Blairmore Branch of the Canadian Legion, B.E.S.L., will be held in the Elks' hall tonight.

PYTHIAN SISTERS' LODGE CELEBRATES ANNIVERSARY

The members of Greenhill Temple, Pythian Sisters, celebrated the fourth anniversary of the institution of their lodge last night by holding a whist drive and social evening. Following a full series of court whist, community songs were entered into until the supper tables were ready, when about one hundred and thirty sat to a splendid banquet. Following the banquet, dancing, interspersed with vocal and instrumental selections, occupied the time for several hours.

The hall was beautifully decorated for the occasion. A birthday cake, very neatly decorated, occupied a prominent position at one end of the hall and was cut and passed around towards the close of the programme.

Besides members of the Pythian Sisters' degree from Hillcrest and Coleman, about fifty invited guests were present.

A feature of the programme was a sketch entitled, "The Ladies' Aid Meeting," the artists being Mrs. Fraser, Mrs. Wolstenholme, Mrs. Senier, Mrs. Gray, Mrs. Hales, Miss Oliver, Mrs. Williams and Miss Lord.

Scenery was arranged by Messrs. Ted Elliott and Joe Wolstenholme. Each artist looked charming and performed her part well and the audience was kept in almost a continuous roar of laughter.

Immediately after the sketch, a wireless message was received from New York, asking that that city be given the first opportunity of booking the troupe.

Greenhill Temple No. 10 was instituted on May the 15th, 1923, and has had a very successful four years.

CHARLIE CHAPLIN IN "SHOULDER ARMS"

The big attraction at the Orpheum Theatre on Saturday afternoon and night will be Charlie Chaplin in his greatest screen classic, "Shoulder Arms." The programme comprises twelve large reels of above and Fox News.

The attractions on Monday and Tuesday will be Lewis Stone, Billy Dove and Lloyd Hughes in "An Affair of the Follies," a first National picture, adapted from Dixie Willson's story, "Here Y' Are, Brother." It is packed with realism, humanness, touches of alternating comedy and pathos.

Also, John Barrymore, the greatest lover of all ages, in "Don Juan." Love in the days when love was a fine art. Clandestine and piratical love, flaming passion, running the gamut from a simple kiss to impassioned acquiescence. John Barrymore, roving the sea of voluptuous beauty, gives the boldest exhibition of the universal emotion the screen has ever seen.

Matinee Tuesday afternoon.

A grand concert, under the auspices of the Hillcrest Amateur Orchestra, will be held in the Hillcrest opera house on tomorrow night at 8 o'clock.

Mrs. Leone Verfaillie, an aged French woman of Fernie, disappeared somewhat mysteriously on Monday and has not yet been located. She is believed to have succumbed by drowning in the Elk river.

General protest against the influx of immigrants are being registered from all points in Alberta. Protesters are made mainly because so many are arriving without means and at once become a burden upon the district to which they are directed.

Owing to next Tuesday being a holiday (Empire Day), the regular meeting of the local Elks Lodge will be held on Wednesday night, May 24th, instead. All members are asked to kindly note the change of meeting night for next week.

BELLEVUE AND DISTRICT HORTICULTURAL, INDUSTRIAL AND POULTRY SOCIETY

The 1927 prize list for the Bellevue and District Horticultural, Industrial and Poultry Society has just been executed from the office of The Enterprise. This year the Society has added poultry as a new section. The new prize list contains upwards of 200 classes. The exhibition this year will be held on Labor Day, Monday, September the 11th. The officers for the year are as follows:

Honorary President—J. Charbonnier.

Hon. Vice-Presidents—N. McDonald, R. E. Campbell, G. A. Vissac, Dr. J. A. Key.

President—A. L. Bell.

Vice-President—S. Berry.

Secretary-Treasurer—J. Curry, Sr.

Directors—W. Kerr, C. Miller, Jas. Fisher, Robert Glover, John Gerrard, S. Rowe, A. Hallworth, J. Boyle, Rev. J. W. Oliver, J. Longworth, S. T. Humble, Elias Fisher, T. Clayton, J. Allopp, Dr. Key.

LOCAL YOUNG POETS' FIRST EFFORTS

OUR SUMMER VACATION

When the holidays do come
We have nothing else but fun;
To our uncle's farm we go,
Tis then when days begin to glow.
Either fishing or a-swimming,
When the brooks are all a-singing;
There is baseball to be played,
There are treats by hundreds made.
But joy must some time have an end,
And one more year of school we'll spend.

—JOE MORGAN,

Grade V, West End School.

VACATION DAYS

Vacation days will soon be here,
Listen to the children's cheer!
Summer holidays are best,
Better than you could have guessed.
Running, skipping, jumping, singing,
On the homeward track a-winging;
Packing up to go away,
Then we all will hear "Hurrah!"
Next day going on the train,
Riding along, not afraid of rain.
But the children must remember
School begins next September.

—LUCY HARMER,

Grade V, West End School.

Mr. and Mrs. John Kerr, of Passburg, leave tonight on a four-months' visit to their old homes in Bonnie Scotland. It is twenty-two years since Mr. and Mrs. Kerr left the old sod.

PUBLIC NOTICE

NOTICE is hereby given that the Minister of Marine and Fisheries, acting under the authority of Section 20 of the Fisheries Act, Chapter 8 of the Statutes of 1914, has authorized from this date the setting apart indefinitely for the natural propagation of fish of the following named waters in the province of Alberta.

That part of Coal Creek, outside the Forest Reserve, in townships 10 and 11, range 2, and that part of Camp Creek outside said Reserve and in township 10, range 3, west of the 5th meridian, both tributary to Old Man River.

Cow Creek or Camp Creek, a tributary of Todd Creek in townships 8 and 9, ranges 1, 2 and 3, west of the 5th meridian.

All tributaries, including unnamed creeks of the Crow's Nest River, west of Connelly Creek and including the following:

Connelly and Rock Creeks in townships 7 and 8, ranges 2 and 3.

Byron Creek in township 7 and Gold Creek and tributaries in townships 7 and 8, range 3.

Lyons and York Creeks in township 7 and Blairmore, Pelletier, Nez Pierce and McGillivray Creeks in township 8, range 4, and Allison Creek in township 8, range 6, all west of the 5th meridian.

Beaver Mince Creek, tributary to the Castle River and situated in townships 6 and 6, range 2, west of the 5th meridian.

5th, Pine Creek in township 3, ranges 29 and 30, and Cottonwood Creek in township 2, ranges 29 and 30, tributary to the Waterton or Kootenay River.

No fishing is, therefore, permissible in the above named waters from this date.

W. A. POUND,

Branch of Fisheries.

Ottawa, April 26th, 1927.

THE CRIMINAL CODE

An amendment to the criminal code has been introduced in the house by J. S. Woodsworth, which would repeal the law against "blasphemous libel" under which Sterry was recently sentenced to imprisonment. This amendment follows closely on the heels of a similar amendment introduced by George Lansbury in the British commons. If this amendment carries at Ottawa, and it is highly doubtful, in view of the deeply hostile attitude shown by the Tories and Liberals to proposals emanating from the Labor group, Judge Coatsworth's God would apparently be left without police protection. Sunday school superintendents, who are also members of the judicial bench, would then be unable to call for the cop every time some only said something derogatory of Jehovah.

"My amendment would repeal the law against blasphemous libel," Mr. Woodsworth said when asked for an interpretation of his bill. "This is an obsolete law, and the Sterry case was the only case of which we have any record in Canada. The difficulty is that there is no definition of blasphemy, so that it has to be left to the jury. You can readily understand that some things a Protestant might say might be considered blasphemous by a Roman Catholic. Some doctrine of the Mormons might be considered blasphemous by Christians. Socrates was considered blasphemous, and really leaves anyone who has other than the ideas of the majority without protection."

THE PEDLAR AGAIN

(Innisfail Province)

Recently a paint pedlar passed through our district, and succeeded in unloading some of his paint in the community. We are advised by one farmer on whom he called that the price of the paint he was offering was \$5.25 per gallon.

This paint may have been the best made, but we are doubtful. If it were a poor paint and not in the least satisfactory, the purchaser has absolutely no recourse. He is stumped.

Now a guaranteed paint may be bought in Innisfail from either of the local hardware stores at \$5.25 per gallon, and the purchaser has the satisfaction of knowing that the paint is guaranteed and has the backing of a local firm who will make good should there be any trouble whatsoever. It is from the local man, who is always here to make good his promise, and ever ready to lend a helping hand to everything that is for the good of the community, that the buying public should get their goods. You get another chance at the dollar you spend at home.

MOTOR CYCLE PATROL TO REGULATE TRAFFIC

Motorists on the Red Trail will have to beware this summer, as a decision has been reached by Attorney-General J. F. Lymburn to institute at once a motor cycle patrol to regulate traffic and to track down speeders.

Commissioner W. C. Bryan of the Alberta provincial police, now has the matter in hand and is working out the details in regard to the inauguration of a motor cycle patrol.

Heard in a local beer parlor: "Thinkst thou that glasses do help you to see?" Sandy: "Aye, indeed. After the first six glasses I can see double."

GENERAL MOTORS' NEW CONVENTION HALL

The convention hall recently completed by General Motors of Canada, Limited, for the use of its Oshawa employees, is the center of almost eighty activities, ranging from purely social affairs to serious educational and artistic endeavors.

At a cost of about \$10,000, the structure, formerly used for a lunch room, was altered and refinished so that it now serves equally well as a theatre, motion picture house, dance floor or lecture hall. The exterior is attractively finished in brown stain with white trim.

No charge is made for the use of the building. Its purpose is to provide an accessible focal point and the aspiration of group spirit for all activities which knit together more closely the factory personnel.

Several organizations gather regularly each week at the convention hall. One night is set aside for practice for the factory symphony orchestra of 30 pieces. Another is reserved for the General Motors mixed chorus of 75 voices. A weekly dance is given by the ladies' auxiliary of the General Motors' football team.

One of the most serious groups using the hall includes 100 factory men who are taking courses with various correspondence schools. They meet each Monday to discuss their mutual problems and topics of general interest.

Many of these men are also taking a public speaking course conducted once a week by Prof. W. J. Hoskin of the University of Toronto. Incidentally, 30 of the 45 students in the course are factory employees, the remainder belonging to the office staff.

The West Canadian Collieries, Limited, have a number of modern cottages, bungalows and apartments for rent.

"How do you sell this Limburger cheese?" asked a customer. "Well, madam," answered the grocer, "I often wonder about that myself."

Gene Schnurr, formerly with the firm of A. V. Lang, at Frank, in the good old days, now travelling out of Saskatoon, was meeting old friends through here yesterday and today. Gene has established a home at Prince Albert, Saskatchewan.

The large new premises of the Coleman Garage will be officially opened shortly and will fill a long-felt want in Coleman. The new garage is spacious and very well equipped. The main office and show room has also been re-arranged and will be quite attractive.

Nervous Speaker—"Depend upon it, my friends, they'll keep on cutting the wool off the sheep that lays the golden egg till they pump it dry."

When the grass with dew is wet,
Little skirt, you need not fret;
Up above the ground so high
That you can not help keep dry.

Andy Waugh claims that:
Lot's wife was too inquisitive,
It proved a fatal fault.
If she hadn't turned to rubber
She'd not have turned to salt.

Williams: "So you gave up trying to teach your wife to drive the car?"
Gray: "Yes. When I told her to release her clutch she let go the steering wheel."

Query in a Winnipeg newspaper health column reads: "Can a girl do anything about an unattractive knee?"

Our answer: "Not a thing, but grin and bare it."

Vicar (to parishoner): "I haven't seen your husband, Mrs. Wops, at our meetings for a long time. I hope he hasn't taken umbrage."

Mrs. Wops: "I shouldn't wonder, sir. 'E buys orl these patent medicines."

Mr. Frayne, homestead inspector, spent Tuesday of this week in Blairmore.

A man is known by the company he keeps, and a woman by the people she talks about.

SMALL STUFF

On May the 9th we wrote to a certain postmaster within the territory covered by The Enterprise asking for the present address of one of our subscribers who had apparently neglected notifying us of his change of location. Our letter was passed on to the district superintendent at Calgary, who in turn replied to same to the effect that "Postmasters are not allowed to furnish information regarding the patrons of their offices."

We figure we had as much, if not more, interest in our client than the Post Office Department of Canada had and this method of serving citizens of a civilized country is certainly open to criticism.

We only asked for a party's address, and this could have been furnished by the postmaster without being referred to a higher-up.

The summer schedule of the C.P.R. luxurious "Trans-Canada" trains under effect on Tuesday of this week, trains leaving Montreal and Vancouver on that day.

A beautiful seventy-verse poem has just been written about the roads of Alberta. The sixty-third verse hits Cowley and starts out like this: "Here we suffer grief and pain," etc.

The High River Fish and Game Protective Association have recommended to the department that the shooting season for Hungarian partridge be not opened before the first day of October.

At a meeting of the Retail Merchants Association at Drumheller, a resolution was passed that mail order houses be taxed on a basis of sales in each province and the revenue be divided between the provinces and municipalities.

Miss Viola Rae, of Calgary, a medical student at the University of Alberta, has taken over the laboratory work at the Drumheller hospital for the summer. Miss Rae is a cousin of Mrs. Charles Church, formerly Miss Mary Rae, of the Blaimore teaching staff.

The death occurred at Calgary on Sunday morning of Mary Alice, aged 18 years, daughter and only child of Mr. and Mrs. Edward Foster, former Fernie residents. The late Miss Foster was employed at the Alberta Piano Co's store and had been ill only two weeks.

Another Scotch trick: Mrs. John Paul a couple of days ago dropped a ten-dollar bill on the street. Later the bill was picked up by Mrs. Archer, who promptly handed same to the owner. Mrs. Paul desires to tender her sincere thanks to "Scotty" Archer for her kindness.

THE NOON HOUR

Customer—"I would like to see some good second-hand cars."
Salesman—"So would I."

Billie: "What would you call a man who hid behind a woman's skirts?"
Tommy: "A magician!"

First Small Boy—"I'd like to see a fish cry."

Second Little Dumb-bell—"Fish do not cry."

First Ditto—"They do, too! Papa said he saw some whales blubber."

"Broderi, we must do something to remedy de Status Quo," said a negro preacher to his congregation.

"Brudder Jones, what am de Status Quo?" asked a member.

"Dat, my brudder," said de preacher, "am Latin for de mess we's in."

Chubbitt—"Do you believe in the doctrine of reincarnation?"

Dubbitt—"There must be something in it, my boy. I know a woman of thirty who distinctly remembers things that happened forty years ago."

Tough on The Scotchman
An Irish and a Scotch bugler were having a contest. Each blew every piece he could think of, only to have the other duplicate it. But at last the Irishman won the prize by buying a cigar; the Scotchman couldn't blow a nickel.

The old lady had never been in a motor car before, and a kindly motorist, seeing her toiling along the highway, thoughtfully gave her a lift. She was very valuable in her expression of thanks, but within two minutes of getting into the car the old dame exclaimed: "My, but hasn't the wind got up sudden!"

Eliza Jane met her mistress just before Christmas with ominous announcement. "Miss Mary, I got to leave you."

"Why, Eliza, aren't you satisfied with your place?"

"Oh, yes, I'm satisfied aw right. 'Tain't dat, mum."

"Well, do you want more wages?"

"No'm, 'tain't dat. I'll tell you how it is. You recollect you let me off a month ago to attend a funeral? Well, mum, I'm gwine to marry de corpse's husband."

One on The Judge
A bright young lawyer was pleading for his client on trial for burglary.

"Your honor, the evidence shows my client did not enter the room at all. He merely inserted his arm through an open window and took a few trifles. His arm, being only a small part of himself, why should you cause his whole body to suffer because of one offending member?"

"Very well," said the judge, with a twinkle in his eye. "Your logic is good. I therefore sentence your client's arm to one year in jail. Your client may accompany it or not as he pleases."

Whereupon the defendant unbowed his cork arm, laid it on the judge's desk and walked out.—Des Moines Register.

Mr. C. Sartoris motored to Moyle this week to attend a meeting in connection with important mining interests in which he is a large shareholder. Mr. Sartoris became interested in Moyle mining away back in 1909 or 1910.

Tenders for the construction of the new telephone office building in Blaimore will be considered at Edmonton tomorrow. We understand that several local tenders have been submitted. The new building is to occupy the site of the present building, which will be moved back on the same of an adjoining lot.

During the week the greater part of the highway between Coleman and Blaimore has been scarified and scraped, a caterpillar from the McLaren Lumber Co. and the Blaimore grader doing the work. Work commenced Tuesday east of Blaimore and it is expected to have same completed to Bellevue this week end. The highway east of Bellevue to Pincher Station is in fairly good condition.

RED ROSE
TEA "is good tea"
RED ROSE ORANGE PEKOE is extra good.

Western Canada Points the Way

One of the most notable gatherings of the year, and one in which all the people of Western Canada were directly and indirectly interested was the international co-operative wheat pool conference held at Kansas City, Mo., and at which representatives were present from the United States, Australia, Germany, Russia, as well as from the three great wheat producing provinces of Canada.

Western Canada was really the outstanding feature of the conference, and it was because in three short years, the farmers of the Prairie Provinces have organized and developed the greatest grain handling co-operation in the known world. Their success has been phenomenal, eclipsing anything of the like character ever attempted in connection with any commodity. They can speak from actual experience in definite achievement.

It is not surprising, therefore, that at the Kansas City conference the reports, presented on behalf of the Alberta, Saskatchewan and Manitoba Pools, and their common central selling agency, were received with great enthusiasm, and that the views expressed and suggestions advanced by the Canadians commanded respect and gave strength to the deliberations of the conference.

Many of our own people have not yet grasped the full magnitude of the operations of the wheat pool, nor realize just how much has been accomplished in the brief period of approximately 1,000 days. Three years ago there was no Canadian Pool. Today, to quote A. J. McPhail, president of the Saskatchewan pool and of the Central Selling pool, there is a membership of \$35,000 in the three provinces. In 1914-15 the Canadian pool handled 13,000,000 bushels of wheat belonging to its farmer members and 27,000,000 bushels of coarse grains. The pool has representatives in all wheat importing countries and ships abroad to fifty European ports. It owns and controls approximately 65 country elevators in the three provinces with a combined storage capacity of approximately 22,000,000 bushels. At the head of the lakes the pool has six terminal elevators with a storage capacity around 18,000,000 bushels and also a 2,000,000 transfer house at Buffalo. The pool is also operating terminal elevators at Prince Rupert and Vancouver, while plans are under way for large extensions to the country elevator systems in all the provinces. Since the pool began to operate it has paid its farmer members around half a billion dollars.

These are truly remarkable achievements, but they do not tell the whole story. The pool has practically revolutionized the financing method of the Western farmer. Instead of the farmer selling all his money in one bulk sale every fall, at which time every creditor made immediate demand upon him, with the result that he was practically forced to sell his wheat at the then prevailing price, and by all following the same course glutting the market, he now receives a first payment and several successive payments spread over the year. The result is not only orderly marketing of the wheat but also financing on the part of the farmer. He is in an ever increasing extent conducting his business on cash rather than a credit basis. The system has been of wonderful assistance to the weaker, less business-like farmers.

Equally important has been the effect the pool has had in restoring confidence to the farmer and to business interests generally throughout the west. It has given the farmer a feeling of independence and security, hitherto lacking. It has emphasized the value of co-operation, and the farmer has been able to find a "business partner" in the pool, with whom he can turn to for help in his own problems and his own economic salvation.

The farmers of Western Canada have demonstrated the wisdom of having one great selling agency instead of one or two hundred thousand farmers, each selling individually and in competition with each other. The object of the Kansas City conference was to try and devise ways and means whereby the great wheat producing countries of the world could cooperate in their marketing, and the result of the conference was a definite plan.

Re-open Milk Plant

One of the largest manufacturers of milk products has recently re-opened their condensing plant at South Saskatchewan, B.C. The whole milk supply will be obtained from the Fraser Valley, which will amount to about 60,000 lbs. per day. About 25 men and women will be employed in the plant, and the pay-roll will amount to about \$2,500 per month.

New Depot for Edmonton

The Canadian National Railway will build a new depot at Edmonton, Alberta, this year. The estimated cost is \$1,000,000. Tenders for the erection of the building have been received and the contract will be awarded as soon as they have been considered.

Orders for Farm Implements

During the past few weeks large orders for farm implements and binder twine have been placed with Canadian manufacturers by representatives of the Russian Soviet Government. These orders are doubtless given all last year and several times will be required to transport the goods now on order to the new border.

World's Shortest Railroad

The shortest railroad in the world now belongs to the city of Union, Ore., having been bought for delinquent taxes at a sheriff's sale. The line is ten miles long and the rolling stock, including one locomotive, one passenger and three freight cars. It sold for \$1,100.

Huge Dairy Farm

Largest Herd of Dairy Cattle in North America to be Enslaved. Baked Near Winnipeg. There is now a herd of one thousand head of Holstein dairy cattle on the Manitoba dairy farms at St. Charles, or the Canadian National at Railways southeast of Winnipeg. It is the intention of the company, which is colonizing a 30,000 acre tract of land with dairy farmers to increase this herd to 5,000 head, which will make it the greatest herd of dairy animals under one ownership in North America.

Joint Stiffness Goes, Swellings Disappear, Pains Subside

No Lintiment, Ointment, Salve, or Liniment Satisfaction

NERVILINE

It is the great penetrating power of Nerviline that makes it so efficient in overcoming swelling, stiffness and inflammation. It runs into the very core of the pain, penetrates quickly through the tissues, and brings a warm, comforting relief to one. No liniment compares in pain relieving power with Nerviline. For the minor pains and ailments which are in every family, Nerviline should always be kept handy on the "shelf." Use it for Rheumatism, Arthritis, Neuralgia, and colds. 35 cents at all dealers.

For Improved Highways

Huge Sums Spent Last Year for This Purpose

During the year 1926 a total of \$45,563,000 was spent on construction and maintenance of all provincial highways in Canada, according to computation made by A. W. Campbell, Dominion Highway Commissioner. Of this total \$29,558,000 was spent on construction and \$15,987,000 on maintenance of highways already constructed. The total mileage of roads involved in this aggregate expenditure was 46,824.

THIS GREAT TONIC RENEWS STRENGTH

Simply Because it Enriches and Builds Up the Blood.

In no trouble is delay or neglect more dangerous than in anaemia, which signifies poverty of the blood. It is very common in young girls and in persons who are overworked or consumed within doors. It makes one's approach in so stealthy a manner that it is often well developed before its presence is recognized. But taken in time there is a tonic that so enriches and purifies the blood that good health and strength soon come to the former weak anaemic sufferer. This tonic is Dr. Williams' Pink Pills, which for years have been the most successful blood-builder known, and have credit for restoring to good men, thousands and thousands of people who have suffered from some of the many ailments that come through weak, watery blood.

The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as anything can be. Proof of this Miss Margaret A. Smith, Burgoon, Ont., says: "After having a severe attack of rheumatism, I was in a very weak and run-down condition. I was pale and my nerves on edge. I could not sleep at night and would lose and turn for hours at a time. I finally decided to try Dr. Williams' Pink Pills, and soon began to feel better, and after taking a few more boxes of the pills I felt as strong as ever, and could thoroughly enjoy my rest at night. Now, I always recommend these pills to any friends who may be afflicted."

Better sleep, steady nerves, improved appetite, increased vigor—all these can be yours. Write for Dr. Williams' Pink Pills. Begin today. Sold by all medicine dealers, or by mail, post paid at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Australia's New Fruit

Australia is producing a new fruit called the cucumber apple for use in salads. Although it has the appearance of an apple, the flavor is said to be distinctly that of a cucumber.

For all pain—Minard's Liniment.

Whale Destroys Cable. A whale which interrupted traffic on the Alaska cable early in April chewed up so much of the cable that an 80-foot replacement was necessary to restore communication.

An Indiana town has abandoned its fire department composed entirely of women. They insist on silk hose.

If you have an aim in life you can't afford to waste any time in hating people.

Minard's Liniment for dandruff.

For Friendly Relations

Sir Esmé Howard, British Ambassador to U.S., Addresses San Francisco Audience

A plea for continuation of friendly relations between the United States and England, which have existed for more than 100 years, was made by Sir Esmé Howard, British ambassador to the U.S., at a banquet tendered him by the San Francisco Chamber of Commerce.

Referring to the question of the British war debt to the United States, Sir Esmé said:

"We have not run away from the debt and do not intend to, but if at some later date you come to us and say you think it would be advisable in the general interest to reconsider the question—well, I think we shall be ready."

"There is the anxiety that has been made by some quarters in the British Government, that the question of armaments will continue to be agreed at the Washington conference that unless submarines of all powers were abolished, Great Britain must reserve her right of self-defense as to cruiser construction. You have already passed us in destroyers and submarines and no one in England had thought of accusing you of violating the letter or the spirit of the 1863 treaty, because of the Washington Treaty."

Sir Esmé declared Great Britain had unjustly been accused of a sinister desire to hold the "poor Chinese in perpetual bondage, thus driving a wedge between England and the country."

"Our whole aim in the past," he declared, "so far as I can see, has been to obtain the right of trading freely with China."

Asthma Doesn't Wait Off Alone. Do not make the mistake of waiting for asthma to wear away by itself. While you are waiting the disease is surely gathering a stronger foothold and you live in danger of stronger and yet stronger attacks. Dr. J. Kellogg's Asthma Remedy taken early will prevent incipient conditions from becoming chronic and saves hours of awful suffering.

Peking or Pekin

Former Spelling is Closer to Chinese

Version Than Latter

A new war has been declared here but this time it is only an orthographic war, directed against the "Peking" when referring to the Chinese capital in American or English periodicals.

Those interested in the matter point out to foreign correspondents that "Peking" in no way represents the regular pronunciation of the Chinese or abroad, save in France. Chinese here say "Day-ching," the two syllables meaning "north" and "capital" respectively, while the spelling "Peking" is though unsatisfactory, closer to the Chinese version than is any form in which it is omitted. There are several other foreign varieties, but the French is the only one which occurs generally in composition. With the favored "Peking" form.

Clever Blind Student

Completes Four Years' Course in Three Years

Gregory Sullivan, blind since birth, has completed a good education that he soon will have completed a four-year course at the University of Georgia in three years.

His election to Phi Beta Kappa national honorary fraternity, is the highest honor that he has attained. He also won the French medal offered the student making the highest average in that language.

Sullivan, who is 22 years old, has a general average above 90 and will be graduated in June with a bachelor of arts degree.

Throughout his college career, he has relied mainly on friends to read his text books to him.

Marketing of Manitoba Cattle

Last year 492,129 head of cattle and 322,223 hogs were marketed through the Winnipeg Public Stock Yards and realized \$23,047,000. Though the number of animals marketed was less than the 1925 record, the monetary return was \$1,000,000 greater, owing to the better prices that prevailed. Ontario feeders took 46,590 and 41,000 went to United States feed lots and 17,365 went to Manitoba farms. Sheep and lambs to the number of 52,850 were marketed, compared with 36,600 in 1925.

There is no poisonous ingredient in Mentonite. This Remedy can be used without danger or injury.

Mennonites Purchase Land. Mennonites have bought 2,500 acres of land in the Vulcan district, paying \$125,000 to the vendors.

M. & B. L. Evans. The Mennonites have acquired 12 sections this spring in Southern Alberta.

Why Bald So Young? Cuticura will help You

To prevent loss of hair, Dandruff, usually the cause of premature baldness, may be easily removed by regular shampooing with Cuticura Soap, preceded by touches of Cuticura Ointment. This treatment keeps the scalp cool and healthy and promotes hair growth.

Handle with Care by Mail. Address: Cuticura, The J. C. Cuticura Co., Lowell, Mass. U.S.A. Cuticura Shaving Stick 25c.

Made Clocks Reliable

Correct Time Not Recorded Until

Discovery of Balance Wheel

Before the invention and manufacture of watches and clocks, our forefathers employed several devices for recording the hour of the day.

The sundial is the earliest instrument of its kind, and sundials were used from an early date.

Alfred the Great used graduated candles, the burning of which marked the passage of time.

The art of clock and watch-making is believed to have originated in Germany.

The early watches were made in various shapes, such as pears, skulls, purses and crosses. Some were set in the heads of canes, some in hilts and other pieces of jewelry.

These instruments had to be wound at least twice daily, and differed from the correct time by about an hour a day.

It was not until the discovery of the balance-wheel in 1658, by which the mainspring unwinds itself evenly and regularly, that they could be relied upon to record the correct time.

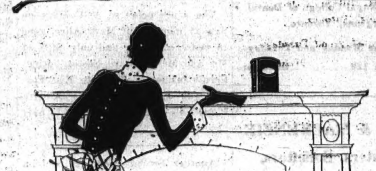

Send Letter by Plane

Greetings to be Sent to Governor

General Willingdon From Pacific Coast to Ottawa

Plans for delivery by aeroplane of a letter from Lieut-Governor Bruce of British Columbia to Governor General Willingdon in connection with the jubilee celebration this year are being prepared.

The message, according to information obtained at the Pacific Airways Company office at Vancouver, will be carried from Victoria to Kamloops on June 7, taken across the Rocky Mountains either to Calgary or Edmonton by a machine from the Royal Canadian Air Force station at High River, Alta. and be relayed to Ottawa by the first Canadian air mail liners to operate in Western Canada.

Use DUCO for hundreds of home uses

PAINTING in the home used to be considered a man's job but DUCO has changed that old idea.

Brush DUCO has a particular appeal to women. It is so easy to apply and it dries in less than an hour. Thousands of women are using DUCO who never did any painting before.

When you go to buy DUCO, people may tell you that other products are just as good. Don't be misled. Insist on getting genuine DUCO.

DUCO Clear and four DUCO Stains are now added to the wide range of colors.

DUCO

There is only ONE Duco—DUPONT Duco

Distributors for Manitoba, Saskatchewan and Alberta: The J. H. AERDOWN HARDWARE CO., LIMITED Winnipeg Calgary Edmonton

Children Cry for

Fletcher's CASTORIA

MOTHER:—Fletcher's

Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea, allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of J. C. Fletcher.

Absolutely Harmless—No Opium. Physicians everywhere recommend it.

SOVIET BUILDING IS RAIDED BY SCOTLAND YARD

London.—One of the most spectacular raids in London's history, that of the district place, when 45 men from Scotland Yard swooped down upon the Soviet House in Moorgate and took charge not only of the area offices, but the quarters occupied by the Russian trade delegation. These officials are supposed to be immune from arrest.

The Scotland Yard men were reinforced by 60 uniformed policemen, who surrounded the five-story building, and no one was permitted to enter or depart without permission. Acting under the instructions of the Home Office, they took complete charge of the entire building.

Last February the British Government sent a note to Soviet Russia protesting against the "unfriendly propaganda directed at Great Britain, China, Persia and elsewhere, and particularly in Great Britain. The note warned against the "continued notoriously unattractive relations" between the two governments. Sir Austen Chamberlain, foreign secretary, told the House of Commons on April 7 that there was no prospect then of Great Britain breaking off diplomatic relations with Soviet Russia. In a previous statement Sir Austen had said there were limits to the Government's patience with regard to anti-British propaganda. Since then there have been no outward developments in the situation.

Irish Free State

Cannot Claim Bonds

Is Not Successor to Irish Republic Says U.S. Judge

New York.—Supreme court justice Peters dismissed the suit brought by the Irish Free State claiming to be successor of the "Irish Republic" and entitled to the \$2,500,000 bonds, the unexpended portion of more than \$6,000,000 subscribed for in the United States for the republican cause.

Justice Peters also held the claim of Eamon de Valera and his cabinet, O'Mara, to the bonds and ruled that the proceeds from the sale of the bonds here should revert to original subscribers.

Justice Peters, in his decision, refused to allow the claim of the Free State that it was a successor to the self-styled Irish Republic, on the ground that, as a de facto government the republic had never existed and therefore could have no successor.

Prince Will Be Kept Busy

Has Many Engagements Before Leaving for Canada in July

London.—Looking bronzed and healthy, the Prince of Wales has returned from his trip to France and Spain, which kept him away from home about a month. He was accompanied on his return by Prince George. They were greeted at Waterloo station by the British ambassador, to whom the British heir apparent remarked that he had enjoyed a very pleasant time in Spain.

The Prince of Wales is facing a full list of engagements, both public and private, before he leaves for his trip to Canada in July.

Task for Boy Scouts

Ottawa.—The Boy Scouts' Association of Canada has offered its services to the national committee for the celebration of the jubilee of Confederation, and has requested that to them be allotted the task of decorating the graves of the Confederation Fathers. Where the graves of the fathers are distant from central points, the Scouts will delegate faithful members of its order to perform the task. Simple wreaths of Maple Leaves will form the decoration.

New Cruisers Have Long Range
Sydney, Australia.—The new Australian cruiser, Canberra and Australia, now being constructed in Great Britain, have a length of 690 feet, with 68 feet beam, and will carry 2,400 tons of fuel. They are designed for a speed of 31.5 knots, compared with 35 knots in the latest American and Japanese cruisers, but their range of action will be much greater.

Parties Almost Even
St. John's, Nfld.—A legislature in which the parties are almost evenly divided opened its session here May 4. Premier Monro will have 18 followers in the legislative assembly, while the oppositionists will number 17.

Ready to Test Beam Service

Messages Between Canada and Australia Possible Within Six Weeks

Melbourne, Australia.—It is officially stated that the Marconi beam service between Australia and Canada is now practically ready for testing purposes. The aerial transmitting station is almost completed and the station in the transmitting apparatus is well advanced.

Hopes are entertained that the service will be in operation within six weeks or possibly a month.

Montreal officials of the Marconi company confirmed the above report, declaring that the situation in Canada was practically the same as in Australia.

Mr. Thompson, the chief engineer, said that the messages from Australia will be received by the apparatus at Yachiche, near Three Rivers, and that Canadian messages to the Commonwealth would be despatched from Drummondville, Que. He expected the beam system would be functioning properly within six weeks.

Must Surrender Aims

To U.S. Government

General Disarmament in Nicaragua Essential if States Supervise Election

Managua, Nicaragua.—Plans are under way to drop from aeroplanes and otherwise distribute thousands of copies of a proclamation drawn up by Rear Admiral Latimer, commander of the United States naval forces in Nicaragua, saying he has been directed by the United States government to accept the custody of the arms and ammunition of those willing to give them up, including the government forces, and to disarm forcibly those who do not peaceably deliver up their arms.

"The United States government," the proclamation declares, "has accepted the request of the Nicaraguan government to supervise the elections in 1928, believes general disarmament necessary for the proper and successful conduct of such elections."

Can Deport Immigrants

Who Refuse Positions

Department Has Power to Deal With Such Cases

Ottawa.—A week of good weather would clear up any congestion of immigrants in the western cities, it was stated at the Immigration department offices. The needling being no less this year has meant that the usual demand for farm labor has been retarded.

The department stated that if, as reported, men who had entered the country as farm workers are refusing to take positions, deportation was the quickest and most effective method of dealing with such cases. The department has the power to send immigrants back to their countries of origin if they refuse to take work when it is offered.

Want Labor-Saving Devices

Geneva.—Women delegates to the International economic conference contributed their bit today to the plans for the introduction of a resolution for the creation in all countries of committees comprising of housewives and manufacturers to establish practical types of household utensils which would economize labor both in the home and in the industrial production of such articles.

Says Water Seal Aided Tragedy

Toronto.—Sir Frederick Stuart, director of the Toronto bureau of the Dominion Meteorological office, expressed the definite opinion that if any excess of water had not been taken from the Great Lakes system through the Chicago drainage canal, the raging Mississippi floods that have taken such toll of life and property would have been very much less severe.

Non-Stop Flight to India

London.—Announcement has been made that Lieut. C. R. Carr, pilot, and Flight Lieut. L. S. M. Gillman, a bi-specialty constructed Horsley-Troyce machine which passed its test at Brooklands, will start probably on May 29 from the Cromwell aerodrome in Lincolnshire on a non-stop flight to India, a distance of 4,000 miles, which they hope to accomplish in 48 hours.

Ministers Doing Double Duty

Ottawa.—Hon. J. A. Robb, Minister of Finance, will be acting minister of trade and commerce during the absence of Hon. James Macdonald in Europe, and Hon. Charles Stewart, minister of interior, will be acting minister of immigration while Hon. J. A. Robb is in Europe.

Strange Phenomenon In Owen Sound Harbor

Water Moved Out and Returned Much Above Normal Level

Owen Sound, Ont.—Waters in Owen Sound harbor and the Sydenham river were stirred up greatly recently, and no reason has been found for the phenomenon. Within a few minutes the waters in the harbor moved out so that the level was two feet lower than usual.

When the water returned, the level was much higher than under normal conditions. At one time the waters in the harbor got so low that some boats were resting on the mud at the bottom.

No Change in Policy

Britain Will Keep Mission to the Holy See

London.—Maintenance of an official British representative at the Vatican now can be regarded as a permanent policy of the British Government, Sir Austen Chamberlain, the Foreign Secretary, announced in the House of Commons.

"The Government does not intend withdrawing the mission to the Holy See," said Sir Austen. "It was found convenient to establish this delegation at a time of international trouble and difficulty, and to withdraw it now would be an almost offensive action to adopt."

British relations with the Holy See were established in 1914.

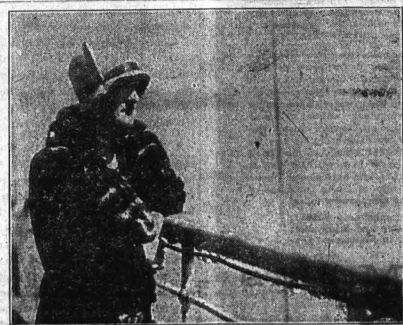

NO RETALIATION ON ACCOUNT OF BORDER RULING

Quebec, P.Q.—There will be no effort at retaliation on the part of Canada because the United States has chosen to restrict the movement of Canadians who are employed in the United States, and we are hoping that the whole matter will be amicably settled at the conference," declared Hon. Robert Forke, Minister of Immigration in connection with news despatches that the Department of Immigration had decided to investigate the number of Americans employed in this country as a means of retaliation against the United States measure.

Hon. Mr. Forke sailed from Quebec on board the Empress of France, for a three-months' tour of Europe. He was accompanied by Mrs. Forke and just prior to the liners' sailing, quite an interesting event took place when a diminutive bell boy made his way to the cabin occupied by Hon. and Mrs. Forke, and therein deposited huge bouquets of American Beauties and other flowers. There were a dozen or so bouquets among which was one from the local staff of the Immigration Department.

The Minister of Immigration stated that he was going over to Europe to look over the immigration conditions and matters there, and also to see whether there were any suggestions to be made to the Imperial Government and others as to beneficial changes which may be made. A possible increase in the 3,000 family scheme whereby the number of families which will come out to this country under the plan will be increased to 5,000, was voiced by the minister.

"Of course," said Mr. Forke, "this is a matter that is largely up to the Imperial Government, but as regards the 1,200 one family families that are scheduled to come out under the scheme this year, we will place them if we can find the land."

Returns From World Tour

Mrs. George Stephen, Winnipeg, who arrived in New York April 22 on board the Canadian Pacific liner Empress of Scotland, having completed a 26-day tour of the world, returning from Shanghai and Peking, is expected to arrive in Winnipeg tomorrow.

GOOD PROGRESS BEING MADE ON H. B. RAILROAD

Millie 250, Hudson's Bay Railway.—Following completion of a trip of inspection to the end of steel on the Hudson's Bay Railway, Hon. Charles A. Dunning, federal minister of Railways and Canals, declared he was gratified by the amount of work completed and appreciably surprised at the manner in which the rehabilitation of the line has advanced.

"Weather and other conditions, coupled with some difficult engineering problems, had tended to interfere with the progress of the work, but Mr. Dunning felt that these had been amply met and that, allowing for the late spring, those in charge of the building program now have their schedule well in hand."

The trip to Kettle Rapids, on the Nelson River, was made by train and from there to the Edmonton River, Mile 350, the end of steel, by speeder. The terminal under construction at Bowden, Mile 137, was inspected Wednesday, Mr. Dunning and party inspecting the roundhouse, coaling plant, machine shop and other work now underway at that point.

W. A. Kingsland, general manager, Western region, Canadian National Railways; H. A. Dixon, chief engineer, and J. G. MacLachlan, divisional engineer in charge of construction, accompanied the minister on his inspection tour.

May Press For Settlement

Possible Claim May be Filled Over Seizure of Federal Ship

Vancouver.—Possible filing of claims by the Consolidated Exporters, Limited, against the United States Government, in connection with the recent seizure of the liquor-laden steamer Federalship was indicated here by Harold Faulkner, San Francisco attorney, who was in Vancouver inspecting the construction, by the company and crew. According to Mr. Faulkner, it is the purpose of the United States of a vessel of federal registration, the way is open for normal and physical claims in connection with damages to construction, by the company and crew. According to Mr. Faulkner, it is the purpose of the company to go into the matter immediately, and if claims are sufficient to warrant such a procedure, to press for settlement.

Increase in Canada's Trade

Total During Twelve Months Shows Advance of Forty-two Millions

Ottawa.—Canada's total trade increased approximately \$42,000,000 during the twelve months of the fiscal year ending March 31. Total trade for the 12 months was \$2,298,465,647, as compared with \$2,256,923,869 for the previous 12 months ending March 31, 1925.

The twelve months just ended witnessed a decrease of approximately \$161,000,000 in Canadian exports, and an increase of approximately \$108,000,000 in imports when compared with the 12 months of the previous fiscal year.

To Build Big Hospital

Toronto.—Mrs. A. E. Huustad, recently introduced a deputation representing the Women's College Hospital to the provincial secretary. It is the intention of the college to build a new million dollar structure on property acquired. The new hospital is to have 150 beds. The provincial secretary promised consideration.

Forecast Heavy Grain Shipments to Europe

Large Volume of Tonnage May Already Have Departed

Fort William, Ont.—Record grain shipments have left head of the lakes ports since the official opening of navigation April 18, according to a report issued by F. A. Ursell, statistics officer in the customs house.

Shipments to April 29 totalled more than 400,000 bushels and heavy export shipments from seaboard ports to Europe during May and during the early part of June are forecast in the report.

Mr. Ursell says: "From reports received from different sources, the export movement from Atlantic seaboard ports to Europe will be very heavy throughout May and at least the early part of June."

A very large volume of tonnage has been chartered already, aggregating close to 40,000 bushels of all grains. These heavy purchases undoubtedly are occasioned by a more or less urgent need of grain. Although statistics of the world's wheat exports are ample surplus of supplies to exporting countries ever indicated requirements by importers, the short age of the rye and potato crops of 1924 are partially responsible for a larger wheat consumption."

It is apparent, Mr. Ursell points out, that a large portion of export grain will be shipped via United States Atlantic seaboard ports, a heavy volume of tonnage having been chartered, much of it rates around 12 cents per 100 pounds, to some British ports and Antwerp-Rotterdam.

Many Unemployed Men Available for Farms

But Demand in Alberta Is Expected to Drop Off

Edmonton.—With about 5,000 men placed in farm employment through the province this season, the peak of the spring farm labor situation has been reached, according to Walter Smitten, commissioner of labor, and from now on the demand will be steadily dropping off. There are still a good many unemployed men available for work on the farms if wanted, but the lateness of the season, the reduced acreage in consequence and the influx of immigrant labor are combining to restrict the calls for help from Alberta farmers.

Notwithstanding the more or less unusual features of the situation this spring, the total number of men placed is not greatly below that of last year. About 5,600 placements on farms were made for the same period a year ago.

Sends Demand To China

Japan Wants Soldiers Removed From Consulate at Nanking

London.—Japan has peremptorily demanded that the Chinese authorities at Nanking give orders immediately for the withdrawal of soldiers who occupy the Japanese consulate at Nanking, after the outrages of March 18, according to a Shanghai Telegraph despatch from Tokyo.

The demand, the despatch states, was not sent in the form of an ultimatum, but it is expected in Tokyo that the Chinese will comply without hesitation.

SOLVES PROBLEM OF ELIMINATION OF WEED PESTS

London.—The problem of the scientific elimination of certain weed pests, which has baffled researchers in America and Europe for 50 years, has been solved, it is claimed, by a young Canadian scientist, Leonard Huskins, of the University of Alberta.

At the Royal Society here he showed the results of two years' experiments at King's College, London, and the Horticultural College at Meriton, which he recently has been appointed Professor Huskins' discovery, which is of great value to farmers, as it is expected to bring about an appreciable improvement in cereal crops, consists of tracing the reason for the wild type of the so-called false wild oats, which are a well known pest in Canada and the United States and elsewhere.

Irregularities in the chromosomes, were found to be responsible for the abnormal reversion, which also occurs in wheat and other food plants, and it is asserted that through this discovery it will be possible to trace the varieties of plants containing only the normal type of chromosomes, which produce a more desirable crop.

ILLUMINATION IS TO PLAY PART IN JUBILEE PLANS

Ottawa.—On the night of the sixtieth anniversary of Confederation, electricity will take the place of the old beacon lights with which, those in the days of the Fathers of Confederation were wont to celebrate events of importance. From coast to coast of Canada, which is pre-eminent today in the development of electrical energy, illuminating apparatus will be installed on towers, high buildings, or other outstanding eminences, of a capacity which will throw the beams for miles around, and thus surround the entire country.

The following recommendations were made today by the national committee: That the towers of all government buildings, such as the main tower of the Parliament Buildings, the production to be either in verse or in prose. The national committee for the celebration of the Jubilee of Confederation will offer gold, silver and bronze medals for the three in each language.

The secretary of the national committee on the celebration will receive contributions, which must be in not later than June 22, 1927.

The Canadian Authors' Association has taken under its auspices a competition for the three best productions in English and the three best in French on the subject of Confederation, the productions to be either in verse or in prose. The national committee for the celebration of the Jubilee of Confederation will offer gold, silver and bronze medals for the three in each language.

The secretary of the national committee on the celebration will receive contributions, which must be in not later than June 22, 1927.

Will Aid Arms Convention

League of Nations Provides Equipment as Help Conference

Geneva.—An official League of Nations communiqué says that, according to a request from the British and Japanese governments, the League has placed all its facilities at the disposal of their delegates, and those of the United States for the tripartite naval conference to be held here next month.

This is taken to mean that the disarmament section of the League will be available to the delegates, and that the conference will be linked with the League's general disarmament effort. The conference will be held in the League of Nations palace. The date was not given in the communiqué, but it will probably be on June 29, as previously reported.

Government Air Mail Service

British Mail to be Taken From Ship-board to Montreal

Ottawa.—The Postmaster-General today authorized the expenditure of \$75,000 for warships and for a start on September 1 on experiments of taking British letter mails off ships at Father Point and carrying them by aeroplane to Montreal.

It is alleged this will cut off 12 letters in the handling of the British mails, destined to all western points.

If the tests are satisfactory, tenders will be invited in December for a regular service by private contractors starting next spring.

Building New Elevator

Grain Growers Plan Erection at Port Arthur Immediately

Winnipeg.—A terminal elevator with a capacity of five and one half million bushels is to be erected immediately at Port Arthur, Ont., by the United Grain Growers' Limited, according to announcement made here by T. A. Crerar, president of the company.

The new elevator will be of reinforced concrete construction throughout and will provide the greatest efficiency in handling grain and special facilities for grain cleaning.

Large Bequest for Charity

Wife of Prominent Winnipeg Financier Leaves \$200,000 to Foundation

Winnipeg.—The Winnipeg Foundation, established several years ago for charitable purposes, benefits to the extent of \$200,000 through a bequest from the wife of the late Mrs. Wm. Alloway, which was made public. Mrs. Alloway, who died last year, leaves her entire estate to the foundation. The amount is expected to be successful in the future. Mrs. Alloway was a resident of Winnipeg and a member of the Winnipeg Foundation.

TOWN OF BLAIRMORE
ASSESSMENT ROLL, 1927

NOTICE is hereby given that the Assessment Roll of the Town of Blaimore for the year 1927 has been prepared and is now open to inspection at the office of the Secretary-Treasurer of the town from ten o'clock in the forenoon to four o'clock in the afternoon of every day that is not a public holiday, except Saturday (and on that day from ten o'clock in the morning to twelve o'clock noon), and that any ratepayer who desires to object to the assessment of himself or of any other person must within thirty days after the date of this notice lodge his complaint in writing at my office.

DATED at the Town of Blaimore, Alberta, this 18th day of May, A.D. 1927.

ARTHUR J. KELLY,
Assessor.

Auction Sale of Town Property

Pursuant to the order of the Court there will be offered for sale by Public Auction in front of the Union Hotel, Hillcrest, Alberta, on Saturday the 11th day of June, 1927, at the hour of 5 o'clock in the afternoon, the following lands and premises: Lots Eight (8) and Nine (9) in Block Twenty-four (24), Hillcrest, Han 5150-S, under the reservations contained in the original grant from the Crown and in the existing certificate of title. The Vendor is informed that there is on the property a one-story brick building, 28 feet by 26 feet, erected in 1924, and a half basement and cement foundation.

The property is situate on Pope Street, Hillcrest, and was erected for and is used as a dwelling house. The property will be offered for sale, subject to a reserve bid which has been settled by the Court.

TERMS: 10% deposit at the time of sale, 40% within 60 days, 25% within 120 days and 25% within 240 days.

Further conditions of sale will be read at the time of the sale or may be had from

GILLIS & MACKENZIE,
Solicitors for the Plaintiff,
Blaimore.

Dated at Blaimore this 16th day of May, 1927.

Canon Robinson will be inducted as rector of the Pro-Cathedral, Calgary, on Wednesday next, May the 25th, to succeed the late Dean Paget. While the rector of the cathedral parish is usually the dean of the diocese, the two are separate appointments.

The Hotel Saskatchewan, the last link in the transcontinental chain of C.P.R. hotels, is to be officially opened on Tuesday next, May the 24th. E. W. Beatty, president of the company, will be present at the opening ceremonies. Officials of the line in British Columbia and Alberta will participate.

When a car containing twenty-three horses billed to Toronto from the Alberta Stampede Company reached Toronto on Monday night, three of the animals were found dead. A fourth died as it was being unloaded and about seven others may have to be destroyed. Humane society officers found that some of the horses had been trampled on in the car, and that some were lame with infected legs.

Three burglars who operated at Gleichen were recently captured by Indians and placed in the hands of the authorities. The men were discovered sleeping on the prairie by Jack Sun Cal, who reported to Tom Turned Up Nose and the two gathered a party of Indians and captured the men and confined them in a house belonging to Fred Stud Horse until the police could be notified and arrived. The stolen goods were recovered.

Members of Blaimore Lodge No. 68, together with the Rebekahs and member visitors from Coleman, celebrated the 108th anniversary of the founding of the Order on the American side by holding the prescribed anniversary service in the Lodge Hall on Thursday night last. Following the service, a social hour took up the attention of those present till supper was ready, which was dainty and thoroughly enjoyed by all. Close on one hundred were in attendance.

A certain act, entitled "Rules Governing Traffic on Public Highways," has been approved and is announced in the recent issue of the Alberta Gazette. This act regulates the weight to be carried upon any public highway and prohibits travel by any vehicle with a rim wheel that will in any way injure the roads. Permits may be obtained from the department of public works or municipal authorities. Under the act, the owner, driver, operator or mover of any such vehicle, object or contrivance, who has obtained a permit, shall nevertheless be responsible for all damages done to the highway by such.

Drive the car
that established 10 world records—
5000 miles in less than 5000 minutes!

The COMMANDER

A STUDEBAKER BIG SIX

Only by owning a Commander can you avoid taking
Commander dust on hills and highways

FROM one Coast to the other, The Commander is smashing records of speed, records of hill climbing, and records of sales! 5000 Miles in Less Than 5000 Minutes

In a recent sensational test at Culver City, California, under the auspices of the American Automobile Association, Harry Harts and three other noted pilots drove The Commander—a strictly stock, fully-equipped enclosed car—5000 miles in 4909 minutes, total elapsed time, establishing ten new world records!

This is better than mile-a-minute speed for 81 consecutive hours and 49 minutes—the fastest speed for the farthest distance ever attained by any stock car!

The Commander Out-Climbs All Other Cars In Edmonton, on April 15, a strictly stock Commander Sedan climbed the notorious 106 Street hill to the top in high gear—no other car had done this before. From a standing start in high, with a five-passenger load, the crest was reached in 16 2/5 seconds—the speedometer registered 25 miles per hour. This 20% grade is so steep the sidewalk is built as steps!

As further proof of this Big Six motor acceleration tests were made. From a standing start in high, 55 miles per hour was reached in 18 2/5 seconds.

Conquers Calgary Hill In Calgary, on April 15, Fourth Street East Hill was the scene of three interesting tests with a strictly stock Commander. This hill which is 1585 feet long with a 10% grade, is unusually difficult

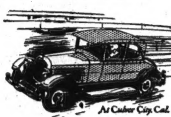

Commander Sedan \$2495; Commander Victoria \$2585 (broadcloth upholstery \$2595); Commander Coupe \$2445 (with rumble seat \$2595). Other Erskine and Studebaker models range in price from \$1445 to \$3825. All prices, delivered in Blaimore, completely equipped and tax paid.

Studebaker finance charges are the lowest throughout the Dominion

STUDEBAKER
[Made in Canada]

to negotiate because of a left-hand curve at the bottom and a right-hand curve at the top.

Carrying three passengers, including an official time-keeper, The Commander accomplished the climb in the slowest possible time in high, without slipping the clutch, in 2 minutes, 44.4 seconds. In the second test from a standing start, The Commander made the ascent in high-gear in 43 seconds, topping the hill at 39 miles an hour.

In the third event from a flying start, The Commander started to climb the grade at 10 miles an hour and finished at 40 miles an hour, making the ascent in 36.2 seconds.

What These Records Mean to You

You probably will never need mile-a-minute speed for 5000 miles—you may never want to enter a hill-climbing contest. But these remarkable records are further proof of what we have demonstrated time and again on Studebaker's 800-acre Proving Ground—that The Commander in every phase of every-day driving will out-perform and out-live any other car, six or eight, selling for less than \$3500.

The best evidence for you of the thrilling performance of The Commander is what the car will do in your own hands. Get behind the wheel of a Commander as our guest—without strings or obligation. Learn for yourself why the Studebaker Big Six now far out-sells the combined totals of all other cars in the world of equal or greater rated horsepower. Phone us now and take command of The Commander today!

Harry Harts wired after setting 10 new world records in The Commander:

"Based on my experience driving my personal Studebaker Commander and in making the recent record run of Culver City Speedway with a Studebaker Commander strictly stock model, it is my opinion that it will maintain any given speed up to 65 miles per hour longer, more smoothly, and at less expense per hour traveled, for gasoline, oil and repairs, than any other stock automobile now being built."
